Registration fees and ticket sales cover just 40% of our operating costs. As a charity, we rely on the generosity of our patrons through membership and donations to keep quality at the highest level and prices affordable.

Creative Combat Partying in the time of COVID

The health and safety of our patrons, artists, staff and community are our top priority. We encourage you to keep all parties small (max 15 people) in order to ensure social distancing and health and safety protocols are followed. We ask guests not attend if they feel ill, remain in cohorts or 2 meters apart, & wash hands often.
